

Technical Specification of 120W Led Light Bar

- Led light bar with 5w Led Chips
- Luminous Flux: 9600Lm(80Lm each watt)
- Working Voltage: DC 10~30V(fits 12V,24V vehicles)
- Light Sources: Powered by 5W Intense LED
- Beam Angle: Combo beam: 20 degree for spot and 60 degree for flood beam
- Beam Distance: more than 300meter
- Protection Rate: IP68
- Color Temperature: Cold White 6000K-6500K
- Color of light: White/Amber
- Working Temperature: -40~85 degree Celsius
- Black extruded Aluminum profile,high transmission PC lens
- About 50,000 hours life time
- Certified by CE, IP68
